Narrative

In this narrative section please note any special events, client highlights & success stories, challenges, and any other program issues of note. The narrative content relates to Mid-City Outreach Program affiliated clients.

Successful Outcomes:

- Mid-City Outreach was able to work with EOT staff to assist a client in connecting with a willing landlord and covering first month's rent and deposit. One critical step in that overall effort was utilizing flex funds to repair her vehicle so that she could use it to view potential rental units. Turn-around time from enrollment to move-in was approximately five months.
- PATH met a single mother with children who lost her apartment after being laid off from her service industry job post-COVID-19. Our team helped the family find temporary shelter and then connected them to the International Rescue Committee, which was able to assist them with longer-term assistance.
- After several months working with a veteran family living in a vehicle, PATH was able to help connect them to temporary housing through a veteran services partner and ultimately the VASH program, which will provide ongoing rental assistance and supportive services.

Program Updates:

- PATH submitted an RFP response to operate the City of San Diego's Coordinated Street Outreach Program in August, and was awarded the contract in October. The expectation is for this contract and EOT to continue to support outreach in Mid-City, using the same model and staffing level.
- We hope to coordinate a standing meeting with both community stakeholders and local homeless services providers in order to improve communication around individuals and families we work with.

Events and Community Meetings:

Reoccurring Meetings:

- Homeless Coalition Meetings in City Heights

Partnerships:

- Uptown Community Center collaboration;
- St. Mark's Church collaboration with Social Worker;
- International Rescue Committee;
- Dreams for Change;
- Lucky Duck Foundation;
- Project Over-Lay
